

File Eraser - Supported Operating Systems

Created date	Updated date	Affects version	Fix version
04 Oct 2023	04 Oct 2023	File Eraser for Windows File Eraser for UNIX	N/A

Description

Currently Blancco File Eraser supports a variety of Windows operating systems and specific UNIX distributions, see the table below for details. Blancco File Eraser does not support Mac OS due to the differences in the file systems.

Below tables only lists the supported operating systems, to see full system requirements refer to the Blancco File Eraser user manuals.

Supported Operating Systems

Windows
Windows 7
Windows 8
Windows 8.1
Windows 10
Windows 11

Windows Server
Windows Server 2008
Windows Server 2012
Windows Server 2012 R2
Windows Server 2016
Windows Server 2019

UNIX	Additional information
Solaris	In order to support Solaris, the file system needs to be mounted with the " <i>forcedirectio</i> " parameter.
VMware Hypervisor ESXi 5 and 6	Only VMFS file systems are supported.

Other operating systems and file systems might be supported, to find more details contact us with the details of the target system.
