

Blancco Mobile Device Eraser 3.8.3 is now released!

Mobile Device Eraser 3.8.3 - Release notes

Features:

- **PHEN-3331** - iPhone will not boot after loading iOS 12.1.
 - The new release will direct BMDE to load iOS 12.01 rather than 12.1 until Apple provides a new OS that consistently boots properly.
- **SD-3137, PHEN-3204** - Blancco Mobile Diagnostics release 3.0.1.
 - Remove instruction popups and delays for all manual tests to improve throughput.
