

How to check license information from a HASP-key using LDK/EMS licensing?

Created	Updated	Affects versions	Fix version
11 Jul 2019	23 Dec 2022	N/A	N/A

Description

The license information can be checked using Sentinel Admin Control Center, which can be accessed by navigating to <http://localhost:1947> on your browser's address bar.

Note! To see your licenses you will need to have the HASP HL drivers installed. Drivers can be downloaded from Gemalto download site.

Step by step instructions

To check your license information from a HASP-key:

1. Plug in the HASP-key to your computer
2. Open Sentinel Admin Control Center by entering <http://localhost:1947> in your browser's address bar
3. From the left panel, select "Features" -tab to see the license information for your HASP-key (direct path here is http://localhost:1947/_int_/features.html)

For each product there are two different entries in the "Features" -table. The first product row defines the expiration date of the license and the second has the amount of executions it has left. The columns for each license is as follows:

- **Key ID**, the internal ID number of the HASP-key
- **Product**, the product ID and name for the product the license applies to
- **Feature**, type of restriction the product has, each license will have both
 - **ExpirationDate**, the date that the license is valid till
 - **Executions**, the amount of licenses left
- **Restrictions**, defines the Expiration Date or Executions for the license

The below example has Blancco Drive Eraser - Volume Edition licenses, where the expiration date is set to Jan 1, 2024 and amount of licenses left is 9977 as defined by the "Restrictions" -column.

Vendor	Key ID	Product	Feature	Location	Access	Counting	Logins	Concurrency	Detached	Restrictions	Sessions
MOXZM	81581178	1020 Base_BDE - Volume Edition	102 ExpirationDate	Local	Loc Display	Station				Expiration Date Mon Jan 1, 2024 01:55	Sessions
MOXZM	81581178	1020 Base_BDE - Volume Edition	101 Executions	Local	Loc Display	Station				Executions 9977 available	Sessions

If the expiration date has been exceeded or you have run out of licenses, the "Restrictions" -column will show as Expired.

MOXZM	81581178	1036 Base_BDE - Enterprise Volume Edition	101 Executions	Local	Loc Display	Station				Expired	Sessions
MOXZM	81581178	1036 Base_BDE - Enterprise Volume Edition	102 ExpirationDate	Local	Loc Display	Station				Expiration Date Tue Dec 20, 2022 01:55	Sessions

If you are unable to see the product names and see only the product IDs under the "Product" -column, you will need to update the license catalog file with the following steps:

1. Download the up to date catalog: [Blanco_catalog_definitions.xml](#)
2. Navigate to "Update/Attach"-tab on Admin Control Center
3. Click "Browse..." and select the "Blanco_catalog_definitions.xml" file you previously downloaded
4. Click Apply

Sentinel Admin Control Center
